

PXL

The logo consists of the letters 'PXL' in a bold, white, sans-serif font. A small, white heart is positioned inside the upper loop of the letter 'P'. The text is centered within a solid black circle.

Insights

Creating a project

The mere listing of factors is insufficient to realise a successful implementation project. The systematic analysis and planning of the necessary steps is necessary. To delve further into this we would like to refer you to the project canvas. This simple tool makes it possible to view a project from various angles. Take a look at the accompanying website and manual for more information.

Time to apply the acquired knowledge. In this assignment we will make an analysis of the possible influencing factors applied to your own project, using the Consolidated Framework for Implementation Science. We deliberately do not provide a template to further stimulate your creativity. Try to use the elements of CFIR in an innovative way.

After this analysis we also ask you to fill in the project canvas for your project. Again, creativity is a must. We recommend that you print the project canvas and use it as a working document. Good luck!
